

Third International Conference

METALLCONF-2023

«Russian Metallurgy 2030: strategy, global marketplace, domestic consumption growth forecasts

 October 18-20, 2023

 Sochi

ABOUT THE CONFERENCE

The third international conference METALLCONF-2023, organized by the portal METALLPLACE.RU with the support of the Ministry of Industry and Trading of Russian Federation, Ministry of Economic Development of Russian Federation, «Russian Steel» association.

The main aim of the conference is to discuss the perspectives of the Russian metallurgical industry in the near future, to analyze current trends and to predict possible changes in the consumer market.

Our members are representatives of state structures, managers, financial and executive directors, heads of business departments and sales departments, financial advisers, deputy directors-general and heads of organizations, as well as active participants of metallurgical sector of Russia and friendly countries.

HOW IT WAS

«Metallurgical market of Russia. Yesterday, today, tomorrow»

AGENDA

Round tables

- Coal, coke, carbonless metallurgy
- Iron ore raw materials market. Will the metallurgy be able to do without direct reduced iron?
- Ferroalloys – the basis of the high-grade steels.
- Refractory materials for the metallurgical industry.

The 3rd part of the conference contains round tables. Their topics are tightly related to coal, coke and carbonless metallurgy, iron ore and steel market as well as with ferroalloys and refractory materials for the metallurgical industry.

The participants of the round tables are the representatives of the top management of metallurgical companies, the banks and the financial institutions, the academic and the scientific communities.

METALLCONF-MENTOR

«The best mentoring in the metallurgical industry»

As a part of the announced year of teacher and mentor in Russian Federation METALLCONF-2023 will hold a contest “The best mentoring in the metallurgical industry” for the first time. The goal of the Contest is to reveal the best mentoring among the metallurgical factories and to spread the good experience. Winners and finalists will be given commemorative awards, while all of the participants will receive certificates.

You may submit an application on the website <https://metallconf.com/> in the “Contest” section.

Stages of the Contest:

Before October 1st
Call for applications

Before October 18th

Summarizing

October 19th

Announcement of the results

THE PARTICIPANTS OF THE CONFERENCE

Representatives of the
steel industry

Representatives from the mining
industry

Customers

Equipment suppliers

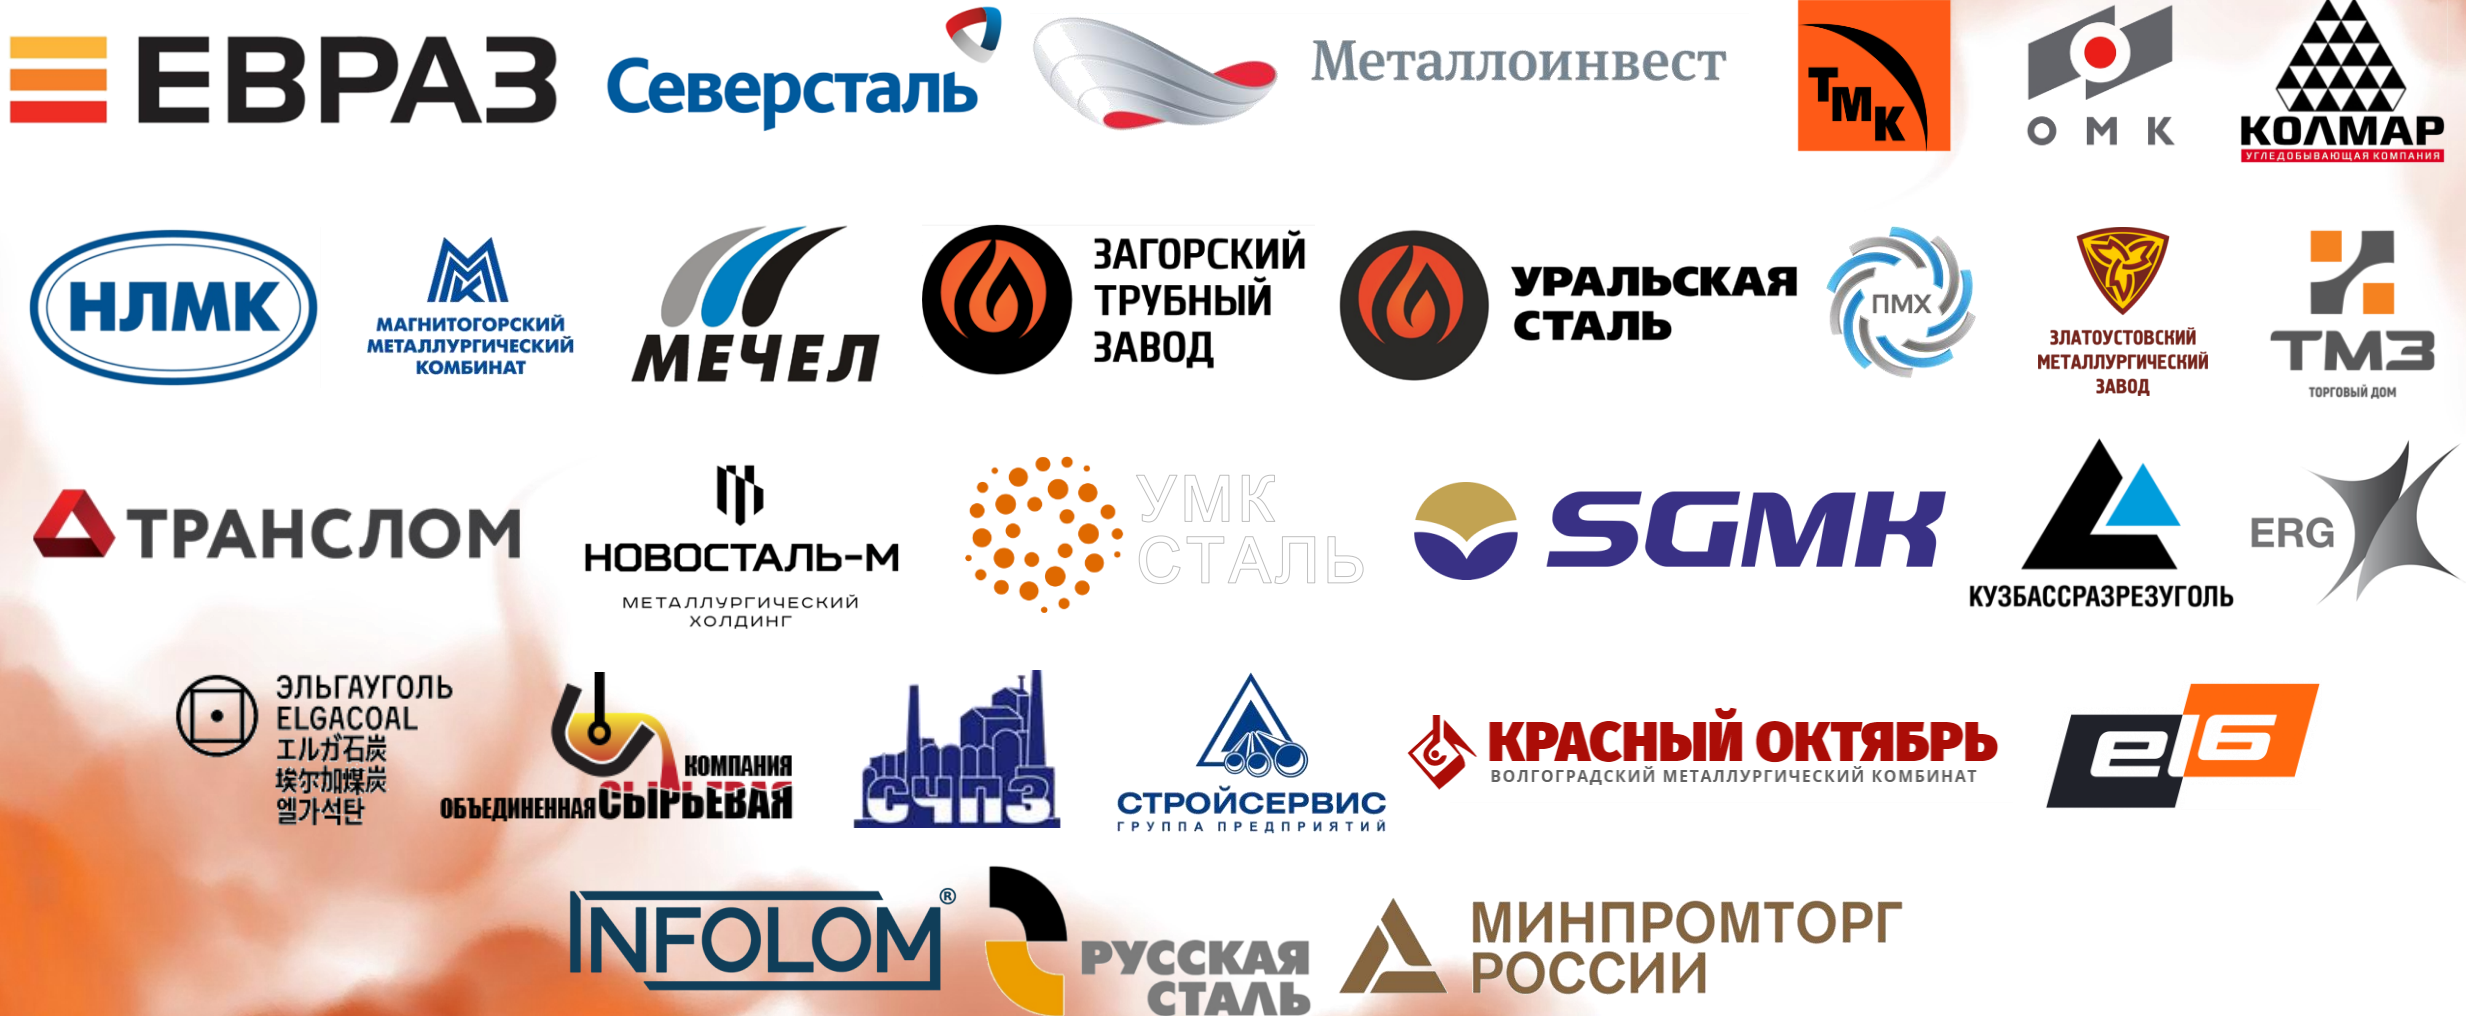

Technology providers

Other participants of the
metallurgical sector

CONFIRMED PARTICIPANTS

WORK WITH PARTNERS

We fully cooperate with each participant in preparation for the conference:

- 01** We create a personal partner package based on your targets and KPI:
- 02** We offer efficient ways to integrate into the conference;
- 03** We individually support each partner from the moment of signing the contract until the closing documents are made;
- 04** We adhere to the win-win strategy.

Our priority is successful long-term cooperation.

Participation is able in
different categories:

300 000
Sponsor

500 000
General sponsor

1 000 000
Gold sponsor

PROGRAM

Time	Event
Day 1. October 18th	
14:00-15:00	Registration of the participants
15:00-18:00	Business game
19:00-22:00	Welcome reception
Day 2. October 19th	
9:30-10:00	Gathering of the participants, registration
10:00-10:30	Opening of the 3 rd international metallurgical conference METALLCONF-2023 Welcome speech of organizers and the partners
10:30-11:30	Plenary meeting: «Russia – China. Trends and development prospects»
11:30-12:00	Coffee break
12:00-14:00	Panel session «Analytics of metallurgical market and forecasts in condition of sanctions»
14:00-15:00	Lunch break
15:00-18:00	Round tables:
15:00-15:40	• Coal, coke, carbonless metallurgy
15:40-16:20	• Iron ore raw materials market. Will the metallurgy be able to do without direct reduced iron?
16:20-17:00	• Ferroalloys – the basis of the high-grade steels.
17:00-17:40	• Refractory materials for the metallurgical industry.
20:00-23:00	Gala dinner
23:30	End of the program
Day 3. October 20th	
10:00	Gathering of the participants
10:00-11:00	Transfer to the excursion location
